All matches                  Surrey matches only                  Met matches only  
University player                  Subsidiary player

Do you have other commitments such as other sports, school or work that may affect your commitment to training and matches? If yes please detail.

---

Please circle one statement which best suits your playing preference for the 2018/2019 season.

I would like to play and train at the highest level possible and I am aware that this may mean that I am not selected to play in every match. This also means committing to all training and all matches

I am happy to play and train at a lower level to ensure I get maximum match play.

I would like to only play with players my age.
